the Brown County World, spoke on
"Finer Points," at the Knife and Fork club dinner Friday evening. He said

One of the chiefest statesnow in the rebel column-that it is lost to protection, to Taft—gone in-surgent. He doubtless spoke as a humorist rather than as a statesman, but the newspaper and magazine writers say they see a great black cloud of discontent hanging over pros-perous Kansas and the political doc-tors and nurses are getting the hos-

pitals ready for the wounded.

"Now every time a Kansan fires a poppun all the citizens do not necessarily rush home for their shooting frons, nor do they all join in the fusiliade, on Cannonade. Before they take part in revolution they want to know what it is for. The call isn't yet clear. Kansas isn't like a South American republic or a comic opera performance.

The others defend their vote and the law downward enough to get his vote. The others defend their vote and the law as the best that could be made because of so many conflicting interests. The majority of Republicans in congress, our Republican president, the majority of Republicans in Kansas and the nation, share that belief—or at least they favor no further difference of opinion until the new law is tried and proven. But the minority tried and proven. But the minority, lest they be forgot, call themselves insurgents and advocate rebellion and

"So now we have the insurgents and the regulars carrying on comic opera warfare. The insurgents threaten all the regular Republicans with defeat. The regulars do not oppose any advance to the people. "If the Republican party tariff system is wrong, then the entire Republicar organization should be held responsible—the minority as well as the majority. If the Democratic party system is right, then the Democrats are entitled to return to power, but no apologist for either the system of the Republican or Democratic party should be supported by the loyal voters of either party.

WANTED-MACE SIELE

There is a fascination about life at sea which last year caused 65 per cent of the men with good records to re-enlist. Besides the material advantages offered, good pay, steady employment, they find Navy life more attractive than routine jobs ashore, because of variety of scene. The conditions on board a spick-and-span battleship are ideal for young men who are fond of the sea, and desire to travel. Navy training broadens them. Their games and recreations, healthy exercise and regular drills, develop quickness, sound health, and self-relance.

The first four months after enlistment you get the benefit of free instruction at a Navy Training Station. If you have some trade partually learned you may enlist at hetter pay, perhaps go first to a Navy Trade School. Assurance of advancement as reward for good work. Costs you nothing to enlist. Apply at Navy Recruiting Office, P. O. Bidg., Kansas City, Mo.
